WORK EXPERIENCE

Senior Web Designer

May 2024 – Nov 2025

Global Trendz Pvt. Ltd.

- Leading a team of designers and developers to deliver pixel-perfect, responsive websites across diverse industries.
- Managing multiple high-priority projects simultaneously, ensuring timely delivery and consistent brand alignment.
- Guiding junior developers on UI/UX best practices and frontend performance optimization.
- Coordinating closely with clients, translating business goals into functional, user-first digital experiences.

Web Designer

Dec 2022 – May 2024

Global Trendz Pvt. Ltd.

- Developed clean, responsive interfaces using React.js and JavaScript with a strong focus on accessibility.
- Converted Figma designs into modular front-end components, improving reusability and team workflow.
- Worked collaboratively with cross-functional teams to troubleshoot, test, and deploy production-ready websites.

Web Designer Intern

Sep 2022 – Dec 2022

Global Trendz Pvt. Ltd.

- Supported the frontend team by implementing basic UI elements using HTML, CSS, and React.js.
- Participated in internal QA reviews and assisted in debugging and client feedback resolutions.
- Gained practical exposure to version control, real-world deployment cycles, and project delivery under deadlines.

EDUCATION

M. Computer Academy

Diploma in Web Designing | Aug 2021 – Aug 2022

University of Delhi

Bachelor of Arts | Jul 2018 – Jul 2021

PROJECTS

Grub Digest

[grubdigest.com](#)

- Built a restaurant onboarding platform that simplifies digital presence setup for food businesses with a clean and scalable React-based layout. Ensured mobile responsiveness, efficient navigation, and SEO-ready content structure.

Floral Hut

[floralhut.in](#)

- Developed a visually rich gift delivery platform for flowers and cakes, optimized for smooth UX and fast page load times across devices.

Beads & Beauty

[beadsandbeauty.in](#)

- Crafted an elegant jewellery storefront focusing on product presentation and ease of discovery, designed for both desktop and mobile shoppers.

Masala of India

[masalaofindia.com](#)

- Built a bold and vibrant restaurant website showcasing North Indian cuisine with detailed menus and strong local SEO focus. Enhanced UX through responsive layouts, smooth navigation, and quick access to contact/location information.

NAB Delhi

[nabdelhi.in](#)

- Delivered an accessibility-first website tailored for visually impaired users, integrating screen reader support and keyboard navigation.

Blessings Astrology

[blessingsastrology.com](#)

- Designed a responsive React website with custom UI, navigation, service pages, blog section, contact form, and integrated animations.

The Passage

[thepassage.travel](#)

- Converted PSD designs into a responsive travel platform with clear visuals and seamless navigation for travel planning and destination browsing.

Tryst Gourmet

[trystgourmet.com](#)

- Created a premium site for a gourmet grocery and café brand, balancing visual storytelling with functional product navigation.
